

## TEMag Citrus

**Chelated Trace Elements with  
Magnesium**

**A balanced blend of the six  
essential trace elements chelated  
by EDTA with magnesium for use as  
a foliar spray**

### Uses

Citrus and other crops grown on calcareous soils (e.g. the Mediterranean basin or much of the Middle East) are prone to micronutrient and magnesium deficiencies. The alkaline (high pH) nature of these soils “locks-up” nutrients and makes them unavailable to the plant. Plants show characteristic symptoms, often a yellowing of the new growth, and the crop yield and quality is reduced.

TEMag Citrus is an efficient foliar fertilizer formulated with chelated micronutrients which will provide essential nutrients directly into the plant leaves.

Can be applied through drip irrigation lines (fertigation) to supply nutrient to the plant roots.

### Benefits

- Solufeed TEMag Citrus provides a rapid boost to nutrient levels to help overcome deficiencies.
- Efficient chelated (EDTA) formulation for reliable performance
- Micro-granular blend is low dust and ensures rapidly and complete solubility
- Mixes with most other agrochemicals and fertilizers

## Chemical/physical data

<b>Typical analysis % w/w:</b>	Magnesium as MgO	4.00
	Boron (B) soluble in water	0.80
	Copper (Cu) chelated by EDTA	0.50
	Iron (Fe) chelated by EDTA	7.00
	Manganese (Mn) chelated by EDTA	2.50
	Molybdenum (Mo) soluble in water	0.30
	Zinc (Zn) chelated by EDTA	0.90

**Analytical Method:** Available on request

**Appearance:** Brown/white blended powder

**Solubility in water:** 100% soluble at recommended application rates

## Directions for use

**Application rates:** 25 grams per 100 litres of spray solution.

**Directions:** Spray to run-off. Apply several sprays per season at two week intervals. Do not apply to crops during flowering.

## General information

**Packaging:** 1kg, 10kg, 20kg, 25kg

**Harmonised  
Tariff No:** 2922-49-85

**Technical service:** For further information, assistance and access to The Solufeed Advisory Service, please contact Solufeed at the address below.

## Precautions

Detailed health and safety information may be found on the relevant Material Safety Data Sheet (MSDS) available on request from the address below.

## Important

The information in this document has been prepared carefully and is provided in good faith. The application, use and processing of any material together with regulatory compliance is the absolute responsibility of the Buyer. All technical information or other advice provided by the Seller in any form is given without warranty to the full extent provided by law.
